My daughter is already up 3 points on her ACT which has opened up new opportunities. The Prep class and a few sessions of tutoring has made her much more confident about test taking.

This prep program helped my kids achieve massive score improvements on the ACT. After they did not perform as well as they hoped on their first ACT, Ms. Bruce created an individualized plan for each of my children, customizing & targeting the topics they needed to work on the most. We will always be grateful for River City Workshops.

I struggled so much on the ACT, kept getting a 19. I took 2 classes with her, one in a group and one in private and got a 25! Ms Bruce is really good at figuring out what your weaknesses are & focusing on how to correct them. Highly recommend.
